Cover wedding location- Grist Mill in Sudbury, MA

I think that getting to know someone who will spend so much time with you on one of the most special days of your life is important because you don't want to feel like a stranger is capturing your wedding! So here are some random facts about me! I was born in Ann Arbor, MI and have one awesome brother who is a Marine. You'll actually see several photos from his wedding throughout this guide. I went to college to be a veterinarian and switched my major to Communications toward the end of my junior year to pursue an interest in film. I hoped to one day work for a network, such as Animal Planet, where I could still work with animals. I spent all four years of college as a member of the UMass Minuteman Marching Band. I always had my camera on me and was able to capture some awesome moments during my time in the band. People began to expect me to have photos from each game or trip on Facebook within an hour of getting back to my room. Haha! My full time job is in film production. That knowledge carries into my photography. I started my photography business in May of 2010 and have been shooting weddings since the Spring of 2012. I enjoy getting to meet so many great couples and capture one of their most important days. My hope is that, as your wedding photographer, we'll create a relationship, and memories, that will last a lifetime. I love what I do and I love that so many amazing couples have given me the opportunity to capture what they love...each other.

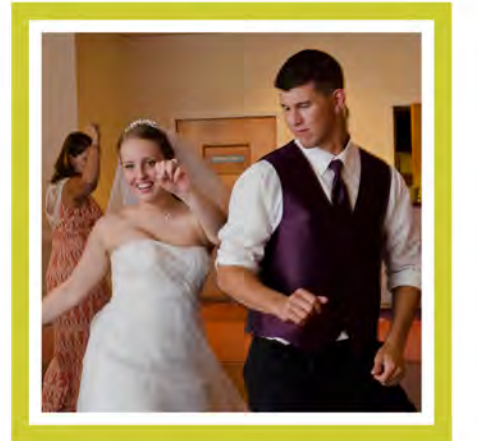

MY APPROACH TO WEDDING PHOTOGRAPHY ♥♥♥

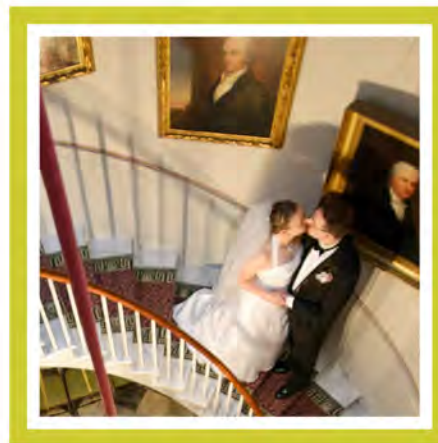

Non-traditional, non-cookie cutter. I tend to prefer a more photojournalistic style.

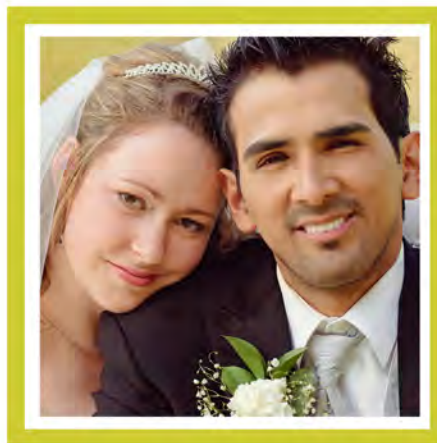

I like to capture all of the little details that you worked so hard to plan.

Get in the action to capture all of the fun while remaining as unobtrusive as possible.

I'll give guidance when needed but prefer to capture events as they unfold.

I want to create a memorable and pleasant experience and, hopefully, a lasting friendship.

Leave the capturing of memories to me. I'll get all of the great and memorable moments throughout the day.

ENGAGEMENT
SESSIONS

ONE OF THE THINGS THAT I LOVE THE MOST ABOUT ENGAGEMENT SESSIONS IS NOT ONLY HAVING THE OPPORTUNITY TO SPEND TIME TOGETHER, BUT ALSO MAKING SURE YOU FEEL COMFORTABLE IN FRONT OF MY CAMERA BEFORE THE BIG DAY! IN RETURN, YOU CAN USE YOUR PHOTOS NOT ONLY IN YOUR HOME, BUT ALSO FOR YOUR SAVE THE DATES, GUEST BOOK, ETC. PLUS THEY'RE JUST FUN!

DIGITAL FILE FAQ'S

CUSTOM ALBUMS

Most of my packages include a custom flash drive which will have fully edited, high resolution images!

Q) How many images can we expect on our flash drive?

A) on average, you can expect between 30-50 photos per hour of coverage

Q) Can we print the photos however we'd like?

A) Absolutely! you can print them however small or large you'd like as well as however many times as you would like! I will, however, offer suggestions for labs to print at.

Q) Do I own the copyright of the photos you take?

A) Well.....not really! What you'll receive with your flash drive is the license to print the photos however you'd like. I will retain the copyright to all of your wedding photos so you'll need my permission before any of the photos are altered, sold or entered into any contests!! If you have any questions though, just ask!!

Albums are an important part of telling your wedding story. Fifty years from now when you're sharing your wedding day memories, it will be your album that will bring you back to that moment in time. Each album is custom designed to suit your needs and budget and with a variety of cover options available, it's certain that your album will be "uniquely you!"

Albums that are not included with your package, can be ordered up to a year after your wedding date for no additional fee. Album purchases made after the wedding date have optional flexible payment plans.

remember that the photos are how you can "show" the story of your day and your album is how you "tell" the story of your day! Contact me for further pricing information!

Do you offer payment plans?

Absolutely! I think that being flexible is one of most important things to me business wise. After a \$500 (non-refundable) retainer to reserve the date, the payments are completely up to you! The balance is due in full 30 days prior to the wedding date, but other than that there are no restrictions!

Where are you located and do you travel?

I'm located in Ayer, MA which is in the central part of the state, just 20 minutes east of Fitchburg, but I'm available for travel to wherever your special day is! Travel fees for destination weddings beyond 1.5 hours from Ayer are available upon request and will be assessed based on location and travel distance which may include a hotel room(s) fee in addition to a mileage fee (mileage fee for weddings beyond 50 miles of Ayer.)

Do you accept shot lists?

There's no need to worry about me taking the standard wedding day photos like the first kiss, walking down the aisle, etc. because I'll be there with you capturing every moment! Do, however, feel free to give me a list of friends and family you want photos with.

How many hours of coverage should we book you for?

That totally depends on your needs and budget! A well planned day can be captured from getting ready to a couple of hours of your reception with 6 hours. My average wedding is 6-8 hours, but if you book for less and end up needing me for another hour or two, we can always add some time on the day of the wedding. It's all about feeling comfortable knowing that you won't have to rush and that you'll be able to capture what's most important to you!
